## About Boys & Girls Clubs of Chicago

For 119 years, Boys & Girls Clubs of Chicago has provided 20,000 of Chicago's most in-need youth a stable, safe, and stimulating environment each year – a place where they receive the tools they need to become productive, caring, and responsible citizens.

## COVID Response

Club members and their families were those immediately impacted when COVID-19 hit, so BGCC quickly adapted to meet emerging needs. When jobs were lost, BGCC distributed 75,000 meals to those experiencing food insecurity. When children couldn't physically be at the Club, we launched a Virtual Club. When kids faced the challenge of what to do with their time at home, we dropped over 9,000 *A Club for Home* kits at their doorsteps. When youth had no other way to access their school online, we converted our Clubs into Remote Learning Centers. And with communities experiencing unprecedented amounts of gun violence this year, Clubs were essential in providing youth a respite from the stressors in their communities.

## Woman's Board of Boys & Girls Clubs of Chicago

Since the close of the Second World War, the Woman's Board of Boys & Girls Clubs of Chicago have been integral in sustaining BGCC's mission and keeping its youth safe. The members of the Woman's Board support children and teens by raising resources critical to the Clubs through the annual gala, Summer Ball. Members also are strongly committed to a hands-on approach, volunteering their time at the Clubs and offering unique opportunities for Club members to experience the best of Chicago, with a particular focus on arts and culture.

## Summer Camp

This upcoming summer will be more important than ever to our children. Summer camp builds the foundation for youth by developing important social, emotional, and cognitive skills – all things that have languished due to the isolation of the pandemic. BGCC's summer programs help children combat learning loss and achieve academic success by taking children on field trips – virtual and in person – engaging in STEAM lessons, reading programs, and more to keep them on track in school. And camp offers essentials for families that have struggled through the pandemic, including a safe place to go and two meals a day for children who would otherwise go hungry.
